

DESTROYED

Everything in my way will be destroyed
Everything in my way will be destroyed
Destroyed! – Destroyed!
Everything in my way will be destroyed
Everything in my way will be destroyed
Destroyed! – It's true
Destroyed! – You'll see

'cause all I see is the enemy
I've got World War III inside my head
But I can't see the real enemy
It's like World War III inside my head

Everything in my way will be destroyed
Anyone gets in the way – They'll be destroyed
Destroyed! – Destroyed!
Everything I can see will be destroyed
And anyone who's not me will be destroyed
Destroyed! – Like you
Destroyed! – By me

'cause all I see is the enemy
I've got World War III inside my head
But I can't see the real enemy
It's like World War III inside my head
All I see is the enemy
I've got World War III inside my head
And I'll get them before they get me
It's like World War III inciting riots
My head's destroyed!

GUESS YOU HAD TO BE THERE

I can't believe the things you claim to have happened
Along the way in your life
Story after story after story,
You swear none of it's a lie
Been told so many times even have yourself convinced
You don't think I realize you're so full of shit

You can't be there, no matter how hard you try
I don't know why you think you gotta live a lie

And you always seem to end your stories
With the typical, "Guess you had to be there"
Makin' 'em up as you go along
I wonder what makes you think you had to be there
Who are you trying to impress?
All your fake friends?
Instead of trying to impress
Why don't you give it a rest?

I don't know why you think you gotta live a lie

CAN'T STOP THE RIOTS

Tap your batons on your shields
Stomp your feet in unison
Use intimidation to avoid confrontation
It doesn't work

Can't stop the riots
Far from over
We've just begun to fight

Throw your canisters
We'll throw bricks back
Meet your water cannons with Molotov attacks
We're not intimidated
We're aggravated
We'll go berserk

You are not in control
We are in control

I PLEAD THE FIFTH

I've been drinking all night after drinking all day
I won't remember a single word I say

I plead the 5th
5th of whiskey

I swear the bottle was full a moment ago
Now it's smashed to pieces
How? I don't know

I plead the 5th
5th of whiskey

She said, "Don't come home 3 sheets to the wind"
Worried all night – in the doghouse again
Slept in my car – woke up in a fog
Made my favorite breakfast – hair of the dog

KNUCKLEDUSTER

If I'm after you and I reach into my pocket
You will soon be through

You better keep away or in your face
You'll get a taste of my jawbreaker

Knuckleduster!

BLINDSIDED

You're sleepwalking blind with your eyes glazed over
So you'll never see it coming
Your head is down when it should be in the game
So you'll never see it coming
You spend all your time buried in devices
So you'll never see it coming
You think you're untouchable in invisible safe spaces
So you'll never see it coming

It's in the air but you're spaced out in the clouds
So you'll never see it coming
You pass right by the wall where it's been written
So you'll never see it coming
You don't seek when it hides in propaganda
So you'll never see it coming
The threat's even unrecognizable
Right in front of your face
So you'll never see it coming

Never saw it
Never saw it coming
No, you never saw it
Blindsided!

PROSELYTIZED

The media's infectious disease
Controlling the minds of the weak

They feed you lies and you swallow
That's how they get you to follow

Schismatic political regimes
Controlling the minds of the weak

Proselytized!

The fear of vengeful deities
Controlling the minds of the weak

BEYOND THE PALE

If your class is the class with class
Then your class can kiss my ass
You can live your life within boundaries
But a restricted mind is not free
Safe inside, you feel safe inside
But your safety's in a number of closed minds
I'm an outsider, unlimited, you call beyond the pale

If that makes me socially unacceptable
Then call me socially unacceptable

Class 1, 2 - Class 3 - Class War!

Like I've said before, I'd rather be square
Than be there among you clones
I rove forth on a path I choose
I don't follow, I lead
My own life, lead my own life
Not restricted by your guidelines
I'm an outsider, unlimited, you label beyond the pale

If that makes me socially unacceptable
Then label me socially unacceptable

Class 1, 2 - Class 3 - Class War!

MY VIEWS

I'm not saying I'm right
Not saying you're wrong
In my world, both of our views belong

It's alright if they are not the same
I'm not assigning blame
But if you are then I won't be a part of your game

These are just my views
Just my views
Some are in my core
Some I choose
These are my views
Just my views
Some of them change
Some I refuse

This isn't a fight
It's just a debate
Just a little back & forth
On the crisis of the day

We can agree or disagree
Or agree to disagree
But in the end, we can still be friends
Even if our politics are enemies
